

TRCS Equity Mission Statement

At TRCS we are committed to living our school's mission to ground our reflective practices in equity, anti-bias, and anti-racism so that everyone gets what everyone needs to preserve the uniqueness of our community and reach their potential. In order to create an equitable learning space, we believe we must:

- Ensure a welcoming, safe, and affirming environment where there is an explicit belief in the value and ability of all students to excel by providing equitable learning opportunities;
- Integrate a rigorous, culturally responsive-sustaining curriculum that affirms racial, linguistic and cultural identities, uplifts historically marginalized voices; and is connected to social justice and civic-engagement; and
- Review and revise systems and structures with all stakeholders (educators, parents, & students) to promote equity and anti-bias in order to guarantee every student's ability to thrive by addressing financial inequities to ensure equitable allocation of resources.
